

Condeco Case Study Teva.

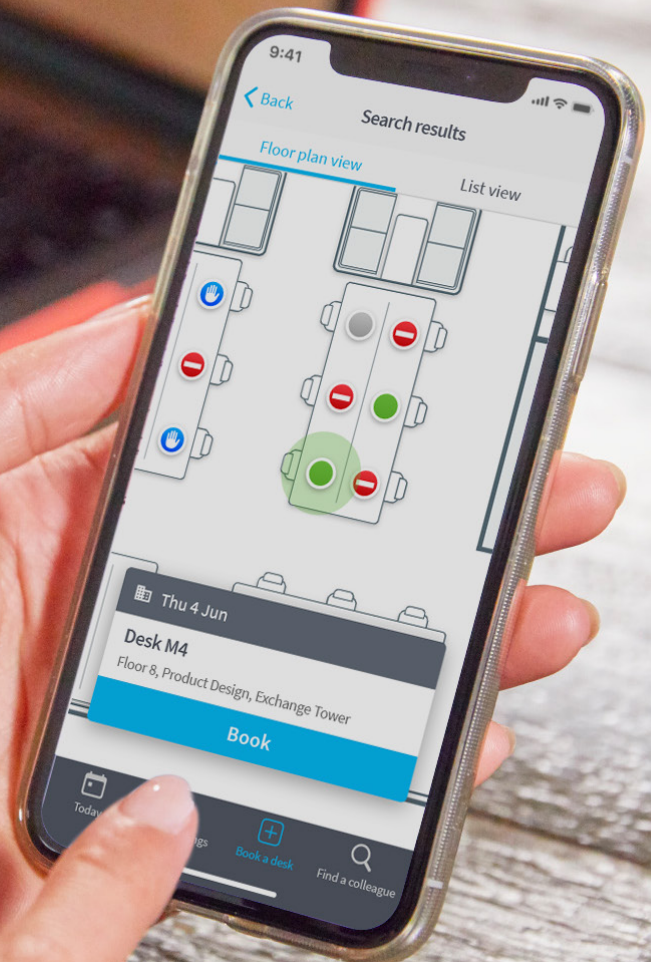

Teva used Condeco's desk booking solution to create offices that employees felt safe to work in amid the pandemic, and to improve efficiency and transparency within employee and workspace scheduling.

Customer.

Teva Pharmaceutical Industries Ltd. has been developing and producing medicines to improve people's lives for more than a century. Teva are a global leader in generic and specialty medicines with a portfolio consisting of over 3,500 products in nearly every therapeutic area. Around 200 million people around the world take a Teva medicine every day, and are served by one of the largest and most complex supply chains in the pharmaceutical industry.

Challenge.

Teva needed to establish a way to safely bring its employees back into offices after the COVID-19 pandemic and send a clear message to the workforce that their wellbeing was the top priority. The company wanted to minimize employee density in offices, reorganize desks for social distancing and give all employees full visibility of who is in the office, when and where. Teva sought a secure workspace scheduling solution that could help put a new working model in place.

“

We are very happy with our Condeco software solution. It simplifies and shortens work steps and provides transparency for every employee. The extremely user-friendly app made it easy for us to establish it well with our employees. The solution has been well received and continues to be used on a day-to-day basis.

Solution.

Teva wanted to deploy a solution that was already well-established. As the key decision-makers were already familiar with Condeco’s software, they decided to deploy Condeco’s desk booking solution. This has been implemented by Teva at several of its offices around Europe.

Through Condeco, all employees have full access to their own schedules, those of their colleagues and those of each desk and meeting room, at any time and wherever they are working.

Results.

Condeco has given the Teva workforce complete visibility of the company’s COVID-related safety measures in action. They can see how social distancing and hygiene measures are being maintained, inspiring trust and confidence.

Additionally, employees can now plan their work schedules more conveniently and efficiently.
